BASIC-ABSTRACT:

NOVELTY - The preparation of notoginseng essence includes the following steps: crushing notoginseng as material to 4.0 mesh or ever fine, extraction with 75% concentration alcohol, water extraction of dreg, filtering and concentration, n-butanol extraction at 40-70 deg.C, resin extraction of water soluble part and collection of extracted matter from separated solution. The product and its preparation have fast and high hemostasis effect, have small dosage and simple taking way, and may be used, especially, in first aid.
